Boys & Girls Club, Lee - Community Based A.S.P.

Program Type Service Class: Community - Based - After School

Total Program Budget: $340,844.00
Commission Allocation: $146,169.00
Percent Funded By Commission: 42.9%
Total Number of Children Served 30+ Days: 100

This is a community based after school program that provides academic support and enrichment activities such as field trips, sports and arts, to an average of 100 low income, at risk children per year. These programs are located throughout Jacksonville in various private non-profit facilities, parks and recreation sites, as well as housing development centers. Most community based after school programs operate approximately 10-12 months per year. Services are provided directly after school for 3-6 hours per day, 5 days per week. This site also provides an 8 week, 11 hours/day summer camp program. All sites provide nutritional snacks, but not all sites provide nutritional meals. Some community based after school programs provide unique enrichment or sport activities, such as tennis or drama. The mission of community based after school programs is to improve the academic achievement and social skills of at risk children, while providing a safe and structured environment for children to learn and grow.

Analysis of Outcomes

Objective Met Y/N Result

1) 85% of participating youth who attend the after-school program for at least 60 days will be promoted to the next grade. Y 91%

2) 85% of participating youth who attend the after-school program for at least 60 days will have less than 21 days of school absences. Y 97.5%

3) 90% of projected Average Daily Attendance will be maintained. N 84%

*N = equals total number of children served.
