PITTSBURGH ONLINE REGISTRATION FORM

For more information on the importance of online registration and tips for developing an effective registration process, review [Pittsburgh Online Registration Form Guidance](#).

The registration form was developed by Pittsburgh Public Schools for caregivers to register their students for the program online. Through a series of screens, the form collects key contact, demographic, and health information and offers the chance for students to rank enrichment activities in order of their preference. Finally, the form includes a photo release consent form and an opt-in form for a weekly food distribution program.

Primary Guardian

The Summer Dreamers Academy is the summer fun your child wants – and the summer learning your child needs. All campers work on the reading, writing and math skills that will help them to succeed in school. But it's not school as usual! Your child will participate in fun and interesting academic classes and take part in exciting enrichment activities. In the past, campers had a ball fencing, biking, or painting and much more!

There is no cost to attend the Summer Dreamers Academy. Transportation is provided for campers who live more than 1 ½ miles from their assigned camp site. All campers receive breakfast, lunch, and a snack. Pittsburgh Public Schools staff members run each Summer Dreamers Academy camp site, and a nurse is present all day.

Let's Turn Up Part 3

Learn the basic fundamentals of how to create fun dances that you can use for a lifetime and a new approach to health, fitness and mind stimulation. Did you know that there are more than 1000 dances like the Electric Slide, Cha Cha Slide, Charlie Brown and the Wobble? You can learn these and many others, as well as how to work in groups to create your very own dance style to your favorite music. Also while learning new dances, you will learn how to track the number of steps that you take each class while competing with classmates to see who can get to 10,000 steps first and who can earn the most badges for completing various step challenges. Not only will we create "How to" videos for our own YouTube Channel, but we will also develop a line Dance Booklet to share with others when we have our big party at the end of camp.
