ROCHESTER SUMMER PROGRAM REQUEST FOR APPROVAL

For information on the importance of a district program approval process and tips for managing multiple programs, review [Rochester Summer Program Approval Process Guidance](#).

Developed by Rochester City School District to streamline summer planning and operations, the Summer Program Request for Approval is used by the central office to track all summer learning programs offered throughout the district and identify budget and management efficiencies as appropriate. Each individual, school, or organization wishing to offer a summer learning program must first submit a request through central office for review and approval.
