PITTSBURGH SITE LEADERSHIP APPLICATION

For more information on the importance of a coordinated approach to hiring and tips for effectively using leadership team applications, review [Pittsburgh Site Leadership Application Guidance](#).

Pittsburgh Public Schools program leaders use the Site Leadership Application to recruit and screen candidates for site-level leadership positions, including site director, operations manager, operations assistant, curriculum coach, activity specialist, and behavior specialist. The application streamlines the hiring process across sites and ensures parity of experience and qualifications for key positions.
